UPCOMING WEBINAR: JOIN US ON JUNE 30

The graphic features a dark blue background with a world map and a network of white lines connecting various nodes. Three circular headshots of speakers are positioned around the title. The title itself is in large, bold, white font. Below the title, there is a paragraph of text. In the bottom left corner, there is a calendar icon, the date and time, and a red button with white text. In the bottom right corner, there is a circular headshot of the moderator and their name and title.

HIMS

More practitioners are taking the leap into the Value-Based Care and Value-Based Purchasing world, but many are unsure where to start or what steps are necessary to get their organizations ready. The complexities of managing various technologies, different payor relationships and **care coordination** can be daunting.

HiMS, in partnership with Mike Rhoades from Blaze Advisors and Don Fowls with Don Fowls and Associates is hosting, “Doing Well by Doing Good: Leveraging Value-Based Contracts to Build a Community of Care.” This webinar is designed specifically for providers interested in identifying tools and tips to ensure that the road to Value-Based Care is a smooth one.

Attendees will learn:

- The advantages and disadvantages of Alternative Payment Models and what they are
- How to identify barriers in providing Value-Based Care
- Understanding systems of care and how dollars are allocated
- How to develop a concrete action plan

[Join us on Thursday, June 30, 2022 at 2:00 pm EDT for a compelling discussion. Register now!](#)

AWARD SPOTLIGHT: HIMS NAMED BEST EHR SOLUTION

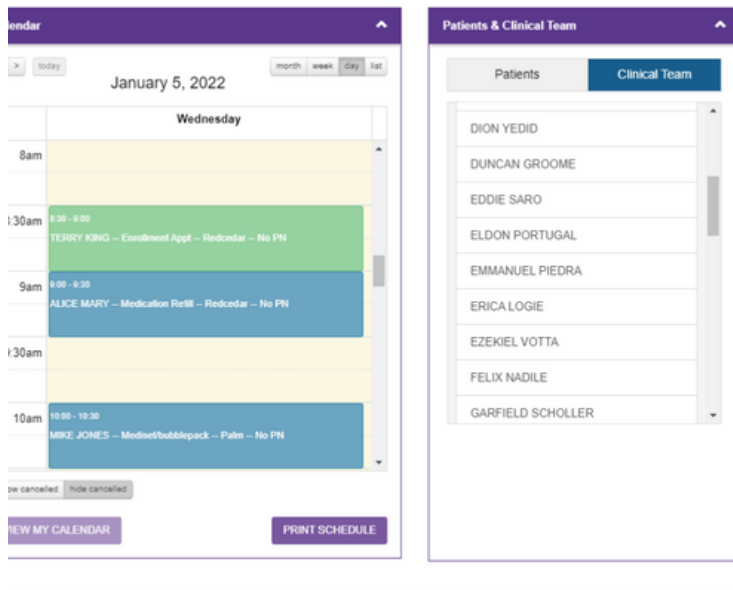

The 2022 MedTech Breakthrough Awards named HiMS **best EHR solution** last month! Axiom, our Software-as-a-Service (SaaS) EHR platform, and AxiaGram, our all-in-one mobile communications app, were selected for their ease of use, innovative features, best-in-class customer service and flexibility. The MedTech Breakthrough Awards recognize the “breakthrough” companies, people, platforms and products in the health, fitness and medical technology industries. [Read more.](#)

NEW WHITE PAPER: OPTIMIZING YOUR STRATEGY FOR INTEGRATED HEALTH CARE

The EHR is the principal electronic interface most clinicians use today, and the path to improved data-driven outcomes is through optimizing its use. In our new white paper, “Optimizing Your Strategy for Integrated Health Care,” we discuss the benefits of **optimizing your EHR**, outline the consequences and benefits of the use of such technology, and highlight the five things preventing technology adoption in health care. [Read more.](#)

FEATURED BLOG: OPTIMIZING CARE COORDINATION THROUGH THE POWER OF AXIAGRAM

Integrated health care is designed to provide patients with a complete treatment plan that improves both their physical and mental well-being. Yet the system only works when all health care providers involved are connected – and coordinated. [Read more.](#)

HIMS IN THE NEWS

[How to Use Social Determinants of Health More Effectively in Your Behavioral Health Organization](#)

Behavioral Healthcare Executive, By Khalid Al-Maskari

Behavioral health has a data problem. Most providers are collecting dozens of valuable data points from their patients daily, but little is being done to leverage these data to **improve patient care** and support providers. [Read more.](#)

[How Mobile Devices Can Coordinate Patient Care](#)

Healthcare Business Today, By Khalid Al-Maskari

Resources are available through the mobile devices that health care providers use every day to **improve communication** between each other and their patients. [Read more.](#)

UPCOMING CONFERENCES

Come see us at the Open Minds Strategy & Innovation Institute, June 14-16, 2022, in New Orleans. The event brings together thought leaders from organizations serving consumers with chronic conditions and complex support needs to share their approaches to building service lines and service systems. Learn more about our game-changing [Axiom](#) EHR software—this **AI-enabled, integrated health care platform** transforms where, when and how patient care is delivered, all while enabling you to be more productive, achieve optimal patient outcomes and increase revenue. Stop by and visit us!
